This is an unofficial compilation of the radio services and requests for FCC actions that are subject to fees. The public should consult the Commission's Rules as set out in Title 47 of the Code of Federal Regulations (CFR) for application filing requirements. Further information on fees may be obtained in Part 1, Subpart G of the CFR or in the Commission's official decision implementing the Congressional Schedule of Charges. This decision is published in the FCC Record or may be purchased from the Commission's current copy contractor.

The fee amounts contained in this guide are subject to review annually and may result in changes to these amounts. The FCC will issue a notice to reflect any changes.

PART A

IMPORTANT NOTICE OF CHANGE:

The Remittance Advice 159 has been revised to accept payer and applicant FCC Registration Numbers (FRN). Effective December 3, 2001, the use of the FCC Registration Number (FRN) is now mandatory. Failure to register or include an FRN on your FCC Form 159 will result in your application being returned as unprocessable. If you do not yet have an FRN, you can obtain one through the FCC website listed below, or by filling out the registration form (Form 160) included in this fee filing guide and submitting the registration form along with your payment and Remittance Form 159. Because the use of the FRN is now mandatory, the July 1997 Form 159 will no longer be accepted as a remittance form. Unless the payor and the applicant are the same person or entity, a separate FRN number must be used for the payor FRN and the applicant FRN. If you are acting as an agent for an entity, and the remittance (i.e., check or credit card) carries your name as an official designated to pay on behalf of the entity, you must include the entity's name both as payor and applicant in order to use the same FRN. Failure to follow these instructions will result in your application being returned as unprocessable. **Please note that transactions with the FCC require the use of the FCC FRN. Therefore, please have the FRN available when contacting or submitting documents to the FCC.**

To obtain a revised Remittance Advice 159:

- A revised Remittance Advice 159 is included in this package
- Go to <http://www.fcc.gov/formpage.html>
- Call the FCC's Form Distribution Center at 1-800-418-FORM [3676]
- Pick up the form at the Commission in Room TW-B200
- Call CORES Helpdesk at 1-977-480-3201
- Dial Fax-On-Demand (202) 418-0177

If you were registered in the Wireless Telecommunications Bureau's Universal Licensing System (ULS) and your registration included all the information we needed to issue a Registration Number, we pre-registered you and mailed you your FRN in a letter dated July of 2000. You may want to check CORES to determine if you are still registered, or if you have forgotten your registration number.

To obtain a Registration Number:

- Register at www.fcc.gov, click on E-Filing at the top of the page, and scroll down to the CORES Registration link.
- Check your pre-assigned number at www.fcc.gov, click on E-Filing at the top of the page, and scroll down to the CORES Registration link.
- File FCC Form 160, (CORES Registration) which is included in this package. You may obtain the form from the FCC's web site at <http://www.fcc.gov/formpage.html>, by calling the FCC's Forms Distribution Center 800-418-FORM (3676), from fax-on-demand by dialing (202) 418-0177, or by calling the FCC's CORES Helpdesk at 1-877-480-3201. You may also pick up the form in Commission Room TW-B200. Mailing instructions are on the form.

If you are unable to register electronically, you can still submit your application for a Registration Number (FCC Form 160) directly to Mellon Bank (along with your filing documents and payment) or fax the FRN registration form to the CORES Helpdesk at (202) 418-7869. Mellon will register you and you will receive a confirmation letter from the FCC through the U.S. Postal Service mail.

FCC FORM 159 - REMITTANCE ADVICE FORM

The FCC Form 159, Remittance Advice, must accompany payment to the Federal Communications Commission for Regulatory Fees, Application Processing Fees, Fines, Forfeitures, Freedom of

Information Act (FOIA) billings or any other debt due to the FCC. The information on this form is collected and stored in a database to ensure credit of full payment of monies due, to expedite any refunds due, and to service public inquiries. The form must be used when paying for application fees and regulatory fees. Please refer to Part B of this guide for specific form requirements. A copy of this form, with specific instructions, is included and may be used to submit fees. Reproduced forms are acceptable. FCC Form 159C is a remittance advice continuation sheet that must be used when paying for more than two call signs in a single filing or when paying for multiple applicants in a single filing. Each call sign and/or applicant must be listed separately on the FCC Form 159/FCC Form 159C.

METHOD OF PAYMENT (DO NOT SEND CASH)

Payment of fees may be made by check, bank draft, money order, credit card or wire transfer. If paying by check, bank draft, money order or wire transfer, your remittance must be denominated in U.S. dollars, drawn on a U.S. financial institution and made payable to "FCC." No postdated, altered or third party checks will be accepted. No checks will be accepted for processing if older than six months. The Commission will accept Visa, MasterCard, American Express, and Discover credit cards. **Online credit card payments are also acceptable. Online credit card payment is an available option when filing electronic application submissions. If you choose this method of combined filing/payment, do not send an FCC Form 159 to Mellon.**

If paying by wire, applicants located in foreign countries should contact their local bank to determine what U.S. financial institution their bank is affiliated with that will allow a transfer of funds. Please keep in mind that there may be an additional transfer fee added from your bank for this service. If an additional cost is required by your bank, and you have not included additional funds to cover this cost, it will be taken out of the funds that will be transferred. This will result in your remaining transfer amount being insufficient to cover the fee for the filing. Please check with your bank prior to completing this transaction to determine their policy. For further instructions in making payment by wire see our website at <http://www.fcc.gov/fees/wiretran>.

Payment of fees, fines, and other debts may also be made by electronic payment. There are two types of electronic payments available. The first type is designed specifically for larger corporations capable of CPU/CPU communication. Under this method, the payer bank wires funds directly to the Commission's lockbox bank. As with cash payments, the funds must be wired from an U.S. financial institution. The second type is designed for smaller businesses and individuals. Under this method, the lockbox bank is given authority to withdraw funds from the customer's bank account. Authorization can be transmitted by a personal computer or by calling a toll-free number. To obtain more information about electronic payment and how it works, please contact the Revenue and Receivables Operations Group at (202) 418-1995. For further information on making payment by electronic transfer see our website at <http://www.fcc.gov/fees/electran>.

NONFEEABLE APPLICATIONS

All nonfeeable applications filed in Washington, DC must be filed directly with the Secretary's Office, Room TWB204, 445 12th Street, SW, Washington, DC 20554 and should be captioned Attention: Enforcement Bureau.

FEE EXEMPT APPLICATIONS

Please check the appropriate block on your application, **and if you have not** previously done so, provide the proper documentation, as required, to certify that your application is fee exempt. 47 CFR, Part 1, Section 1.1114 of the Commission's rules explains who qualifies as fee exempt.

MANAGING DIRECTOR DECISIONS

Requests for waivers, fee determinations, reconsiderations, applications for review, deferments, and specific refund requests are referred directly to the Office of the Managing Director. Each request is

forwarded to the Office of General Counsel for review and legal determination. 47 CFR, Part 1, Sections 1.1113, 1.1114 & 1.1117 govern the Commission's policy in these instances. The requester will receive written notification of the Managing Director's decision. These decisions are published monthly and are placed in FCC Docket 86-285. All such requests must be submitted in writing to:

Managing Director
Federal Communications Commission
445 12th Street, SW, Room 1A625
Washington, DC 20554

WAIVERS, FEE DETERMINATIONS, AND DEFERRALS PROCESS

The required filing fee must be paid for the service requested using the normal process. All requests for waivers and fee determinations are filed directly with the Managing Director in Washington, DC. If the Commission grants the waiver request or the fee determination results in a lower fee, a refund will be issued. Deferrals of fees are also filed in Washington, DC, and have a limit of up to six months with good cause. Deferrals of fees are considered when the ability to pay the fee by financial hardship (i.e., bankruptcy), and must be accompanied by supporting documentation.

REFUND PROCESS

The appropriate Bureau/Office handles routine refund requests. When a Bureau/Office determines that a refund is warranted, it is forwarded to the Office of the Managing Director, Revenue and Receivables Operations Group for processing. The Revenue and Receivables Operations Group (RROG) handles all approved refund requests. The refund process usually takes approximately four (4) weeks depending upon the complexity of the request. Once a request has been reviewed and processed by RROG, it is forwarded to the U.S. Treasury in San Francisco, California where a check is issued to the payer of the remittance. For further information on return or refund of charges, refer to 47 CFR, Part 1, Section 1.1113 of the Commission's Rules.

MAILING INSTRUCTIONS

Parties hand-delivering applications or filings may receive dated receipt copies of the application or filing from the acceptance clerk at the time of delivery. Receipts will be provided for mail-in applications or filings if an extra copy of the application or filing is provided along with a self-addressed, stamped envelope. Only one piece of paper per application will be stamped for receipt purposes. A "stamp and receipt" copy must be placed on top of the original package and clearly identified as a return copy.

When delivering feeable applications by hand or by courier, use the following address: Federal Communications Commission, c/o Mellon Client Service Center, 500 Ross Street, Room 670, Pittsburgh, PA 15262-0001 (Attention: FCC Module Supervisor). **This address is for hand or courier delivery only. DO NOT use it for mailing applications. When using the address, enclose the application package in an inner envelope marked with the correct Post Office Box number. See the relevant Bureau/Office Fee Filing Guide for the correct Post Office Box number.**

- o All Special Emergency and Public Safety Radio Service applicants are exempt from the regulatory fee.
- o Nonprofit applicants in radio services other than Special Emergency and Public Safety are required to pay the application fee. AUCTIONED LICENSES

Initial License Applications. Auction winners file with the Bureau a "long form" application, FCC Form 601 "FCC WIRELESS TELECOMMUNICATIONS BUREAU APPLICATION FOR RADIO SERVICE AUTHORIZATION" shortly after an auction closes. There is no application fee associated with the initial long form application, or amendments to same.

Post-grant License Applications. Once an initial auctioned license has been granted to a winning bidder in an auction, all subsequent post-grant license applications may require a fee as described in this fee guide. Specifically, if there are fees applicable to incumbent licensees in a given radio service, the same fees will apply to auction winners. For specific fee amounts, see the individual sections of this guide addressing the specific radio services.

Note that there are no application fees for any type of application or request regarding the Personal Communications Service (PCS), the Wireless Communications Service (WCS), Local Multipoint Distribution Service (LMDS), General Wireless Communications Service (GWCS), Location and Monitoring Service, Multilateration (LMS), or 700 MHz (Lower Band, Upper Band, including Guard Bands). Regulatory fees, which are assessed annually, may apply to these services. Refer to Part C of this guide for information on regulatory fees for these services.

UNIVERSAL LICENSING SYSTEM

The Wireless Telecommunications Bureau has been implemented into a Universal Licensing System (ULS) for all Wireless services except for the Multipoint Distribution Services. ULS is an integrated database and automated processing system which will support electronic filing of applications and other filings associated with applications (i.e. amendments, waiver requests, transfers and assignments of licenses, licensee ownership information, etc.), collection of licensing information and public access to such information. The Commission has replaced eleven separate WTB licensing databases with this new integrated licensing system. The radio services were converted to ULS and public notices were issued with specific instructions as each radio service migrated to the new system.

Upon submitting applications electronically via ULS, the applicant receives a confirmation of the fee(s) due (if any) for the application and is instructed to either pay on-line credit card or print FCC Form 159 directly from ULS. **The applicant must remit payment as described in this guide within 10 calendar days of submitting the application, or the application will be dismissed. Payment received more than ten (10) days after electronic filing of an application on a Bureau/Office electronic filing system (e.g., ULS) will be forfeited (see §§1.934 and 1.1109).**

In order to avoid processing delays and dismissal due to insufficient fees, the Bureau recommends that applicants filing feeable applications via ULS observe the following:

- (1) Use the ULS-generated FCC Form 159;
- (2) Pay the amount specified by ULS;
- (3) Submit fee payment in a timely manner;
- (4) Submit only one instrument of payment (e.g., a check) for each FCC Form 159;
- (5) If paying by credit card, be sure to complete Section E of FCC Form 159; and,
- (6) Mail or deliver FCC Form 159 and payment to the proper Pittsburgh address.

See Wireless Telecommunications Bureau Provides Fee Payment Checklist for Applicants Using the Universal Licensing System, *Public Notice*, DA 99-1411 (released July 19, 1999).

For the most current information regarding the Universal Licensing System (ULS), go to the ULS home page at <http://wireless.fcc.gov/uls/>.

AIRCRAFT RADIO SERVICE (PART 87)

On October 26, 1996, the FCC released a Report and Order in WT Docket No. 96-82, FCC 96-421, eliminating the individual licensing requirement for all aircraft operating domestically. This means that you do not need a license to operate a two-way VHF radio, radar, or ELT aboard aircraft operating domestically. The FCC must license all other aircraft radio stations either individually or by fleet. For further explanation visit the Internet @ <http://wireless.fcc.gov/>.

Aircraft Radio Service was converted to the Universal Licensing System (ULS). For information on ULS electronic filing, visit the Internet @ <http://wireless.fcc.gov/uls/>. The instructions that follow are for filing applications. Select the purpose of filing and follow the instructions below:

INFORMATION ABOUT REGULATORY FEES

The Federal Communications Commission, by Congressional mandate, implemented a regulatory fee schedule to recover costs incurred by the Commission relative to policy and rulemaking actions, as well as its enforcement, user information and international activities.

The regulatory fees do not currently apply to Amateur Radio Services (except Vanity call signs), governmental entities, Civil Air Patrol, Commercial Radio Operator Permits and Licenses, Non-commercial Educational Broadcast stations, Special Emergency & Public Safety Radio Services, modifications of existing authorizations unless that modification results in a renewal or reinstatement for which a regulatory fee is required, and non-profit entities. Non-profit entities must provide a current Determination Letter from the Internal Revenue Service when filing documentation for non-profit status under IRS Code Section 501 or current certification as a nonprofit corporation or other nonprofit entity by state or other governmental authority.

These regulatory fees will be assessed annually and will apply to those licensees and entities, which benefit from the Commission's regulatory activities, other than licensing or application processing functions. Among the services affected by these fees are the Media Services and Commercial Mobile Radio Services (CMRS). The regulatory fees for Media and Commercial Mobile Radio Services (CMRS) are paid on a predetermined date established by Public Notice (See Public Notices issued July 15, 2002 regarding FY 2002 payments). The regulatory fees for other Wireless Telecommunications Services are paid in advance to cover the term of the license and are submitted along with the application fee at the time the application is filed. See Part B for additional information on the Wireless Telecommunications Services regulatory fees.

Regulatory fees may be adjusted annually by the Commission pursuant to Section 9 of the Communications Act 47 U.S.C. 159.
